

Remarks

Prior to this Amendment, claims 2-20 were pending in the Application. Herein, claims 21-27 were added and claim 3 was amended, as explained in more detail below. Claims 2 and 10-20 were cancelled. Therefore, upon entry of the Amendment, claims 3-9 and 21-27 will remain pending in the Application. Entry of this Amendment, reconsideration, and allowance of the pending claims is respectfully requested.

In the Office Action mailed 5 November 2003, the Examiner indicated that claims 10-15 would be allowable if written in independent form including all of the limitations of the base claim and any intervening claims. Applicants have now done so and, for convenience, re-presented claims 10-15 in new claims 21-26. In addition, claim 27 has been added, containing all of the limitations of claim 21 (the re-presentation of allowable claim 10 written in independent form), and the additional limitation that the test controller is implemented in the second WLAN device. Claim 3 was amended to depend from claim 21 (instead of cancelled claim 10).

In light of the foregoing, all of the pending claims are believed to be in condition for allowance. Accordingly, examination and allowance of pending claims 3-9 and 21-27 is respectfully requested.

Respectfully submitted,

Stephen J. Wyse, Reg. No. 40,880
